

Provider Notice

Waived and Suspended Licensing Regulations

Magellan continues to work closely with our County partners to obtain clarification and guidance from OMHSAS regarding the announcement earlier this month concerning waived and suspended licensing regulations, including the status of telehealth after September 30, 2021. We want to support providers in the development of strategies that minimize service disruptions for members and stabilize the service delivery system. It is anticipated that we will forward additional communications in the coming weeks as we receive updates from OMHSAS.

In the meantime, if you haven't done so already, please do the following:

- Review the DHS [Reinstatement of Suspended Regulations Due to the COVID-19 Pandemic](#)
- Review the [April, 2016 OMHSAS memorandum](#) concerning the revised procedure for waiver of OMHSAS Program Regulations and Standards.

We encourage all providers and community stakeholders to review the full listing of waived and suspended licensing regulations on the [Pennsylvania Department of State webpage](#). Please continue to monitor this webpage moving forward on a regular basis to ensure you have the most current information.

In particular, please review the following memorandums: [DOS waivers expiring between August 17-September 15](#) and [DOS waivers expiring on September 30](#).
