

Magellan's Pennsylvania team shows caring spirit in October at food and social services organizations

In October, Magellan Behavioral Health of Pennsylvania continued its annual tradition of identifying volunteer opportunities for its employees at food and social services organizations throughout the month. With six organizations chosen across the state, employees had the choice to select a volunteer time off (VTO) company benefit opportunity that worked best for their schedule.

The six volunteer experiences were chosen due to ongoing food insecurity issues that have become far too prevalent since the start of the pandemic. We encourage our provider network and community stakeholders to consider similar opportunities with the food and/or social services organizations listed below or with other organizations performing important work in the community.

Second Harvest Food Bank, Nazareth, PA

- **About:** On October 21, Magellan volunteers helped with the event preparations for the annual Empty Bowls fundraiser inside the Second Harvest warehouse.
