Please share this information with your team members as appropriate.

Together with our county partners and several providers, Magellan recently produced a promotional video highlighting the benefits of working in behavioral health. The short video is [available here on our Community & Online Resources webpage](#). Please take a few minutes to watch this video, and share it with colleagues, friends, and family members.

We also encourage you to post this link on your website and you can share this video through email and other communications as you choose.

Let's make a positive impact together with the provider workforce challenges caused by the pandemic. Thank you in advance for your efforts in supporting this important initiative.
