

CAMS Education Day – June 2, 2025

Hosted by Magellan Behavioral Health of Pennsylvania

Led by: Dr. Ray Tucker, CAMS-Care Senior Consultant

Location:

Colonial Intermediate Unit 20 (CIU20)

6 Danforth Drive, Easton, PA 18045

Session 1: Foundational Overview of CAMS

Time: 8:30 A.M. – 12:00 P.M.

This in-person morning session provides a comprehensive introduction to the Collaborative Assessment and Management of Suicidality (CAMS), an evidence-based, suicide-specific therapeutic framework. Participants will gain insights into suicide prevention, risk formulation, and the foundational elements of the CAMS model.

Who Should Attend:

All staff from agencies contracted through Magellan and Northampton County HealthChoices interested in building foundational knowledge in suicide-specific care.

Session 1 Registration Link: [HERE](#).

Session 2: Applied Training for Clinical Implementation

Time: 1:00 P.M. – 4:30 P.M.

This in-person afternoon session, led by Dr. Ray Tucker, is tailored for clinicians, supervisors, and agency leadership exploring how CAMS can be implemented within clinical practice. The session will emphasize real-world application, clinical alignment, and preparation for potential participation in the upcoming provider training opportunity.

Who Should Attend:

Practicing clinicians, supervisors, and agency decision-makers considering a submission to Magellan's CAMS Provider Training RFI, due June 30, 2025.
