

Magellan's Pennsylvania team makes it a priority to volunteer for food and social services organizations

Magellan Behavioral Health of Pennsylvania continued its annual tradition of identifying local volunteer opportunities for its employees at food and social services organizations. With a passion to give back locally, Magellan employees were provided with eight different 'Magellan Cares' volunteer choices between September-November. This was an increase in venue choices compared to past campaigns.

The eight organizations chosen across the state provided employees with the choice to select a volunteer time off (VTO) company benefit opportunity that worked best for their schedule. We encourage our provider network and community stakeholders to consider similar opportunities with the food and/or social services organizations listed below or with other organizations performing important work in local communities.

Mitzvah Circle, Lansdale, PA

- **About:** On September 9, a team of volunteers from Magellan sorted and organized food donations at Mitzvah Circle.
