1. Introduction

1.1 Overview

The Magellan Health Member Consent Portal (Portal) allows you to look at your health information all in one place. You can do the following things through your account:

- Manage Consent—Review and manage who has access to your information.
- Manage Authorized Representatives—Control who can access your personal health information/data.
- Application Gallery—View all authorized applications in your account. These applications can be used to work with providers. They can also be used by patients and payers.

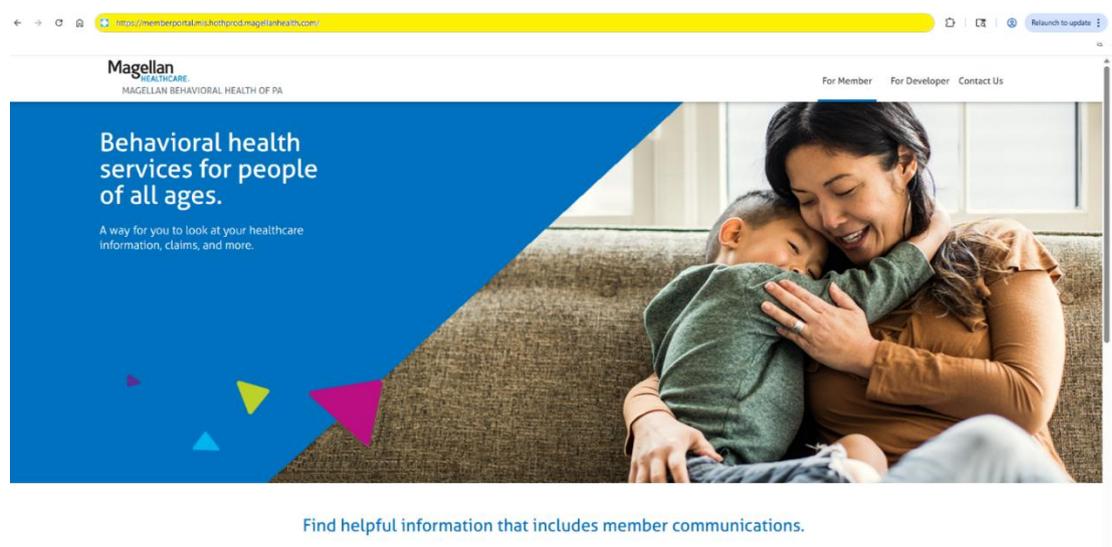

This guide provides step-by-step instructions. The guide shows you how to sign up and access your account.

- Number of Apps for which consent provided and to view and manage consent.
- Number of Authorized Representatives.

The Menu provides other details for you to access.

- Manage Authorized Representatives
- Manage consent
- Application Gallery – Provides choices available

4. Manage Authorized Representatives

A member can register an Authorized Representative, granting that person permission to view their health information.

- Once a member submits a request to add a new Authorized Representative, it appears on the Manage Authorized Rep page.
- The Magellan Health Admin will approve or reject the request.
- Both the Member and Authorized Rep are notified via email once the request is being reviewed by the Magellan Health Admin, as well as the status on whether it has been approved or rejected.
- Access to the Authorized Rep will be granted after the approval and thereby, he/she can access Member's health information/data.
- The member can revoke individual access from the Manage Authorized Rep page at any time.

- To manage the Authorized Representatives, go to the Member Dashboard page (see section 3 for instructions). Once in the Dashboard, you can choose the menu option to navigate to the page to view / manage Authorized Representatives.
