Magellan Behavioral Health of Pennsylvania, Inc. (Magellan), invites you to attend a

FREE Virtual Training

Screeners in Action: Operationalizing Behavioral Health Screeners

Behavioral health screeners provide valuable information, but their true impact depends on how the results are used. This session will examine the operational application of behavioral health screening tools, including preparation for administration, documentation practices, interpretation of screening results, and pathways for intervention. Participants will learn how to move from identifying concerns to implementing appropriate clinical and community-based responses, while supporting patient safety, care coordination, and ongoing treatment planning.

Date: Wednesday, December 16, 2026
Time: 12:00 P.M. to 1:00 P.M.
Location: Teams
Cost: **Free of Charge** - Registration is required.
Registration: **Please register** here **in advance.** After registering, you will receive a confirmation email containing information about joining the meeting.
Target Audience: This training is appropriate for both new and experienced staff from mental health and substance use settings. This training is applicable for staff working with both children and adults.

This training will be offered as part of a quarterly series on employing screening tools in behavioral health suicide prevention. There is no prerequisite to attend any of the sessions.
