

# Provider Notice

## POMS Submissions no longer required!

Performance/Outcomes Management System (POMS) has been in place as an outcomes measurement for any member receiving mental health services since the inception of the HealthChoices Program. Providers had been required to submit certain demographic information to Magellan on established intervals. In turn, Magellan submitted this data to the Pennsylvania Department of Human Services per contractual requirements. In alignment with the January 1, 2024 HealthChoices Program Standards and Requirements Amendment, Appendix K and the POMS reporting requirement are being removed.

Magellan is in the process of making the corresponding updates to TAR Forms and our provider portal. The Magellan Provider Handbook Supplement will be updated to remove the language in 2024. **However, please note that effective immediately, providers no longer need to submit POMS data to Magellan on the provider portal!**
