REQUEST FOR PSYCHOLOGICAL TESTING PREAUTHORIZATION

Either the provider making the referral for psychological testing or the provider conducting the testing must complete this form; however, the completed form must be reviewed and approved by the testing provider. Please provide all requested information, subject to applicable law. In most cases, an initial assessment by a behavioral health care provider must be administered before psychological testing will be authorized. **Authorization for psychological testing will not be considered until all sections of this form are completed. To avoid potential issues with reimbursement, psychological testing is not to be initiated until an authorization has been received.**
