

# Cambria County Virtual Events Celebrate Those in Recovery

Magellan Behavioral Health of Pennsylvania in Cambria County, in coordination with its county partners, is hosting two community virtual events over the next few weeks to celebrate those in recovery. During these times of social distancing, it is more important than ever to focus on community supports for those in recovery, and these virtual events will offer unique opportunities for members and their caregivers to join providers and community stakeholders at these virtual events. We encourage providers and stakeholders to share this event information with members and your colleagues as we look forward to connecting virtually during these events.

## Virtual Recovery in the Valley

- **When:** Saturday, September 19 from 3-5 p.m.
